

## ITEMS OF INTEREST FROM MANY STATES

Important News Gathered from Abroad for the Benefit of Our Readers.

Peary's proofs that he reached the North Pole were called for by the Naval Committee of the House.

John Pariott, of Louisville, was shot and probably fatally wounded in the dining room of the Potter House in Bowling Green.

The price of the best grade of hogs went to \$9.75 a hundred at the Bourbon stock yards. Dealers predict that the \$10 mark will be reached within a few days.

Milkmen at Elmendorf farm, near Lexington, struck Tuesday for an increase to \$30 per month and board, which was refused. Fourteen of the men were from Wolfe county and their places were speedily filled.

Clint Allen, of Mt. Sterling, has been appointed Deputy United States Marshal of this district to succeed Sam Jackson, of Owingsville, who has held the office for the past four years.

It is expected that \$1,600,000 will be distributed at once to claimants against the Southern Mutual Investment Company, as a result of the confirmation of the report of J. C. Rogers, the receiver, by the Circuit Court in Lexington.

An attack upon Supreme Justice Harlan for activities before a House committee in behalf of a bill to extend Government assistance to the George Washington University was made by President E. J. James, of the University of Illinois, before the House Committee on Agriculture. He declared that he understood Justice Harlan had been on the payroll of the university at a salary of from \$2,000 to \$3,000.

Owingsville, Ky., Feb. 25.—Walter Jones, aged 20, was sentenced to eight years in the State penitentiary for the murder of Theodore Shroat last Fourth of July. Jones and Shroat were attending a church meeting and both were under the influence of intoxicating drinks, when they engaged in a quarrel over a young woman, which resulted in Jones killing Shroat.

The Court of Appeals handed down a decision in which the constitutionality of the Creelius law is upheld. The act provides a penalty for both the seller and purchaser of tobacco which had been pooled.

In a remarkable speech Col. James Gordon, of Mississippi, said farewell to his colleagues of the United States Senate. The Senator made no attempt to deliver an oration, but in homely phrases sketched his life and expressed his regret at leaving the Senate after a service of but a few weeks.

The two houses of the Mississippi Legislature met in joint session and unanimously elected Leroy Percy, of Greenville, as United States Senator to fill the unexpired term of the late Senator A. J. McLaurin.

Harrison Higbee and Leslie Lord, young men socially prominent in North New Jersey, were shot down and probably fatally wounded by a negro in the smoking car of a New Jersey Central train in which they were riding to their homes in Newark.

A. C. Conlin, wanted in California on a larceny charge, and who broke jail at Hot Springs, Ark., several nights ago, was shot and captured in the mountains near Okolona, Clark county.

Frankfort, Ky., Feb. 23.—By a vote of 16 to 12 the Watkins county unit bill was run to earth and

strangled in the Senate today. The matter was brought up on a motion by Senator W. E. Dowling, of Anderson county, to defer action on the measure indefinitely. Senator Claude M. Thomas, of Bourbon county, moved as a substitute for the Dowling motion that the bill be placed upon its passage. W. H. Cox, president of the Senate, ruled that the substitute to carry must receive a two-thirds vote.

It is just as well for the Senate to meet at 2 p. m. as to meet at 12 m., as it is only in session about two hours a day anyhow, if that. Perhaps after the Solons have had their luncheons they may be able to give two hours to their legislative duties, in case they have any. The only way to find a Senator these days, and, in fact, a member of the House, is to go to their sumptuous offices and await their royal pleasure, or presence. A needle in a haystack is about as easily found as a member of Congress.

John G. Carlisle, former Secretary of the Treasury, who has been in St. Vincent's Hospital, New York, suffering from acute intestinal trouble, has left that institution and is at the home of his sister in that city.

Washington, Feb. 23.—Although there are several men aspiring to the United States Attorneyship for the Eastern District of Kentucky, it may be stated on authority that there will be no change in that office much before the end of the present calendar year, or, in other words, not until after the November elections. The President, moreover, has as yet picked no man for that place, although Representative John W. Langley, of the Tenth Congressional district, could probably get the appointment if he decided not to be a candidate for Congress again. But Langley's present purpose is to run again, and since he is the only Republican who has carried the Tenth district, having reversed a substantial Democratic majority, it is natural that the President should prefer that he stand for re-election.

Whitesburg, Ky., Feb. 23.—The funeral of young Johnnie Stallard, aged 20 years, son of J. Marion Stallard, of Hilliard, who died Sunday evening at Berea, where he was attending Berea College, was held today at Hilliard, being largely attended.

Whitesburg, Ky., Feb. 23.—Uncle Ira Roberts, aged 96 years, one of the oldest citizens of the Virginia-Kentucky border, died at his old home on Guest's river, a few miles from the border, where he had resided for over half a century. Uncle Ira leaves many descendants in both Kentucky and Virginia.

Sharpsburg, Ky., Feb. 23.—At an old fiddlers' contest held last night at Salt Lick, this county, John Tritts, aged 75 years, received the first prize, \$5 in gold, for the best all-round player; G. T. Uery, aged 70, the second prize, \$2.50. Eleven prizes were awarded. A large crowd was in attendance.

## A Check Account avoids the risk and trouble of making change.

YOU CAN write on a check the exact amount you wish to transfer—\$1.00 or \$1.99—any amount. You do not need to have change in your pocket, nor does the other party have to change the money you hand him.

THE RISK of error in making change is entirely eliminated when you pay by check. Should you overpay with a check, you have recourse. The check shows plainly the amount paid.

Pay by check—you can save time and trouble.

## WEST VIRGINIA NEIGHBORS.

A special session of the Wayne County Court will be held on Monday, March 7, for the purpose of giving those who have been commissioned by the Secretary of State as Notaries Public an opportunity to give the bond prescribed by law.

It is more than probable that the telephone line now extending from Centerville to the mouth of Whites Creek will be extended on to Wayne in the near future. O. Rutherford was here Tuesday receiving subscriptions and succeeded in securing enough subscribers for stock to insure the construction of the line.

The well of the Wayne Oil Co. on Ruben's Branch is expected to come in the first of next week. The drillers in this well have been very unlucky and have had a long fishing job on hand, otherwise the well would have been in some considerable time ago.

Judge Wilkinson was called to his home at Logan Sunday by the illness of his wife and child. On the evening of court Monday morning the clerk held an election for a special judge to preside during the absence of Judge Wilkinson. Hon. J. M. Tiernan received the vote and qualified as special judge.

William Adams, who was convicted about two years ago of a felonious assault on C. H. Kondrick and sentenced to a term of four years in the penitentiary, has been granted a conditional pardon by Governor Glascock upon the recommendation of Pardon Attorney E. G. Pierson. The case of Adams was acted upon the first of the week.

As a result of the agreement reached in Charleston the town of Kernit is a permanent thing, and will take its place among the municipal corporations of the state. By mutual agreement Judge Doolittle dropped the contempt charge against Messrs. Meade and Chaffin, who held the election in the face of his injunction, and likewise the writ of prohibition asked by Mr. Willes representing these gentlemen was dropped. The incident is closed so far as we know, and the officers elected will hold their places without further investigation.

A right serious fire occurred last week at the home of Joe Hatfield, of Williamson, which resulted in the entire loss of his personal effects and the practical destruction of the house. Mr. and Mrs. Hatfield had a rather narrow escape themselves. It is not known how the fire originated. The house of C. A. Wright adjoining suffered some slight injury. Among the losses sustained by Mrs. Hatfield was that of a fine piano.

Arrangements are now being made at the West Virginia Sunday School Association to secure a general observance in the State Sunday Schools, Sunday, May 22, as the World's Sunday School day. The proposed plan of general observance was brought to the attention of A. T. Arnold, the secretary of the State Sunday School Association, by the officials of the World's Sunday School Association. This association has been working, mostly in foreign countries, on the plan of securing this general observance of the day for the past two years.

**In a Bad Light.**

One of the dirtiest pieces of business that we have noted in many a day has been the process of making a "wet" town out of the city of Charleston after its council voted it "dry" last June. It has been one story after another of bribery and corruption of the most shameless kind. And now it develops that the legal adviser and agent for the liquor men of that city in their buying of men and selling of honor is none other than Hon. T. C. Townsend, Tax Commissioner of this State. We confess to some astonishment at this, for the reason that it is surprising in the first place to find a State officer, himself from another town, stooping to such employment under any circumstances. Further, that as an appointee of an administration pledged to fight the liquor traffic, Mr. Townsend should be found engaged in such a low and underhand intrigue is more surprising still. But worse yet, this man has set himself up as a sort of model of a "graft" hunter whose main aim in life is to ferret out wrong doing throughout the State. His position in this Charleston matter will certainly not tend to enhance him in the estimation of the people of this State who stand for honesty and decency, and it will most certainly destroy a great deal of his usefulness as tax commissioner. A man who for the sake of a little money would compromise his position if not his honor in behalf of such a combination as the Charleston liquor ring would do anything else for money's sake. Is this the man who came down to Mingo to clean up the graft?—Williamson Enterprise.

### OBITUARY.

Elliott Preston, of Georges Creek, Ky., was born March 7, 1856, died February 11, 1910, aged 53 years, 11 months and 4 days. Elliott was the oldest son of Dr. James Preston, and has had from his early boyhood days an inclination to make money, and did possess quite a little of this world's goods, but of his possessions he freely gave. He was always ready to help those in distress.

Mr. Preston had been all his life a very sympathetic man, and had been a seeker of religion for some time. While lying on his bed of affliction Monday night, January 31, 1910, with his loving wife and children bowed around the bedside, sending up their petitions to God, he was gloriously converted and raised shouting praises to God and sang the beautiful hymn "Sweet Memories of Dear Mother." Oh what a glorious meeting we had! He began rapidly growing worse from that time. He had all the medical aid that could be given any one, but no relief came. The Lord's will be done, not ours.

Mr. Preston left to mourn his loss a wife and eight children and a vast number of friends. He was loved by all that knew him. He was a man that will be sadly missed, but we can live in hopes of seeing him again on that golden shore, where the sad parting never comes.

A dear one from our home is gone. A voice we loved is stilled. A place is vacant in our home That never can be filled.

It was hard, so hard, to give him up, but the blessed Lord knows best. We can only be faithful to our promise and meet him in that home of eternal rest. A FRIEND.

## After La Grippe

"I had suffered several weeks with LaGrippe. Had pains in my head and eyes. It felt as though there was a heavy weight on the top of my head, until it seemed that my brain would burst. I was so nervous that I could not rest or sleep. When I dozed off I would awake with a sudden jerking of my whole body. Dr. Miles' Nerve, Heart Remedy and Nerve and Liver Pills cured me. A number of friends have since realized the same benefits."

MRS. ALVIN H. LOCKS, Seabrook, N. H.  
The after effects of LaGrippe are often more serious than the disease, as it leaves the system in a weakened condition that invites more serious troubles, such as pneumonia, etc.

**Dr. Miles' Restorative Nerve** should be taken for some time to thoroughly restore nerve strength.

Dr. Miles' Nerve is sold by all druggists. If the first bottle does not benefit, your druggist will return your money. MILES MEDICAL CO., Elkhart, Ind.
